RMSI Appoints Aaron Dannenbring as Member, Mapping Advisory Board

New Delhi, India, June 19, 2019: RMSI, a global leader in providing innovative map data development, maintenance, and enhancement solutions today announced the appointment of Aaron Dannenbring as a Member of its Mapping Advisory Board.

Aaron will work closely with the RMSI leadership team on strategic initiatives such as defining growth strategies, incubating new solutions & ideas, strategic customer engagement, and helping achieve operational excellence.

Aaron is a transformational leader with over 20 years of broad international general management success. Prior to joining RMSI, Aaron was part of the leadership team at HERE technologies, most recently as their Chief Strategy Officer. Before that he ran their mapping unit. Prior to HERE Technologies, Aaron was a consultant with The Boston Consulting Group.

Anup Jindal, CEO, RMSI said, "I am delighted to have Aaron join our Mapping Advisory Board and look forward to working with him to define and implement our vision and global growth strategy for our mapping business. Aaron brings with him an extensive global experience coupled with a deep understanding of new and emerging mapping technologies."

"RMSI has both a compelling vision and a strong foundation to address the many current and emerging opportunities in the location space. I look forward to partnering with their team to drive continued growth and excellence in their mapping business." **said Aaron Dannenbring, Member, Mapping Advisory Board.**

About RMSI - Maximizing Business Value

RMSI is a global IT company providing geospatial and software solutions to clients in sectors ranging from navigation & mapping, utilities, communications, natural resources, land & infrastructure, to Government & funding agencies.

Within the mapping sector, RMSI provides map data development, maintenance and enhancement services and has over two decades of experience of working with large global companies. RMSI is working on some of the largest map production and maintenance projects in the world that required significant ramp up and training within a short turnaround time.

RMSI has an employee base of over 3800 resources and is consistently ranked amongst the top companies to work for. RMSI has three state of the art development centers in India, and five fully owned international subsidiaries in US, Canada, Australia, UK, and Middle East.
