RMSI Appoints Venu Nair as Chief Operating Officer

AUGUST 20, 2020 BY GISUSER

New Delhi, August 20, 2020: RMSI has expanded its senior leadership team with the appointment of Venu Nair as Chief Operating Officer (COO). Venu will focus on accelerating the company's efforts towards executing a growth strategy that delivers predictable and sustainable growth. He will lead the overall business, including sales, delivery, and operations with key objective of bringing in operational excellence and client delight.

Venu has over 25 years of executive management experience. He has built and grown new businesses across technology sectors, and has a diverse experience of working both with large established organizations like the Tata Group, CPA Global, Sapient, Motorola and with startups. In his prior roles, he has been instrumental in growing businesses by infusing market and technology innovation for multi-fold growth.

Commenting on his appointment, Rajiv Kapoor, Chairman & MD and Anup Jindal, CEO & JMD, RMSI said, "We are excited to welcome Venu to the RMSI family. Venu is an exceptional leader with a proven experience of driving transformation and growth. We have a strong momentum and are confident that he will be able to capitalize on this and lead us to our next phase of growth".

"I am delighted and honoured to join RMSI as Chief Operating Officer. With its enviable Client roster, deep technical expertise, consistent Client success, and award winning workplace culture, RMSI is in a unique position to capitalise on the opportunities created as geospatial technologies become core to every major tech trend – IoT, AI, AR/VAR, small satellites, Cloud and SAAS. I look forward to working with RMSI's seasoned leadership team in crafting the most exciting chapter in the Company's growth story", Venu Nair.

About RMSI – Maximizing Business Value

RMSI is a global leader in geospatial and engineering solutions. These solutions address global issues of climate change, natural calamities, human habitation, food security, autonomous transportation, smart utilities and networks.

RMSI is one of the largest geospatial employers with an employee base of over 3300 resources and is consistently ranked amongst the top companies to work for. RMSI has three state of the art development centers in India, and five fully owned international subsidiaries in US, Canada, Australia, UK, and Middle East.

RMSI has the highest levels of certifications and accreditations for its processes, information security and health and safety standards including CMMI Level 5, ISO 27001, ISO 14001:2015, ISO 9001:2015 and ISO 45001:2018.
