

MUMBAI. WEDNESDAY. 22 SEPTEMBER 2021

## **RMSI wins prestigious BRICS Solutions for SDGs Award 2021**

RMSI, a global geospatial and engineering solution provider has been adjudged 'Runner Up' at the prestigious BRICS Solutions for SDGs Awards 2021 for its 'Malawi Project'. The contest attracted a total of 289 submissions across 7 categories from the 5 nations (Brazil, Russia,

India, China and South Africa). Malawi is a small landlocked country in Africa with an economy driven by agriculture, which accounts for one third of the country's GDP and nearly 80% of employment. RMSI developed an effective and innovative technological intervention in the form of an inclusive ICT-based Value Chain Governance (IVCG) platform for Malawi, to streamline the fragmented agricultural value chain and reduce the risks to smallholder farmers.
